Hello,

The annual New Mexico State University Open House and Horse Sale will be held on April 26, 2025. We hope to see everyone for the Open House beginning at 9 AM and Preview starting at 10:30. The sale will then open at 1:00 PM through 3:00 PM Mountain Standard Time. The sale will be online through Integrity Livestock, and will be done in a Bid Board format. Horses can be viewed during the sale preview on April 26, or by appointment up until sale day. Videos and pictures will be posted on the NMSU Horse Farm Facebook page. Full catalog will be posted on the NMSU Animal and Range Sciences website. We are very proud of the horses offered for sale this year, and hope you will take a look and consider us for your next purchase!

The NMSU Horse Program has a history of producing exceptional horses that have succeeded in many different arenas. We have raised NCHA, NRHA, NRCHA money earners, AQHA point earners and World Champions in AQHA, APHA, PHBA, NRCHA, ASHA, and SHOT, as well as money earners in 4H rodeos, team roping's, and even 4H Futurity Champions. We strive to raise a versatile horse that can go any direction you choose. We are extremely fortunate to have some exceptional stallions with bloodlines that are as good as you will find anywhere. Our stallions are cow and/or reining bred, and were athletes in their own right. Our broodmares range from race to performance bloodlines, and many where performers.

This years offering consists of NMSU raised horses, and donated stock. I am excited about this group of quality horses, and think you can find a nice horse, at a reasonable price. It doesn't matter if you are looking for a show prospect, ranch horse, roping prospect, barrel horse, or looking at getting into the breeding business, there is something for you!

This sale not only serves as a major source of revenue for our teaching efforts and student extracurricular activities, but is also an excellent "hands on" teaching tool for our students. The students have put forth a very high quality effort this year in terms of sale preparation, researching for the catalog page, and advertising. More information about the horses, pictures, and examples of students' work will be posted on the departmental website.

In closing, I look forward to the chance to visit with buyers, alumni, and friends on Saturday April 26. Please make plans to logon to the sale to view what the NMSU Horse Program has to offer and to show your support for what we do. If you need more information about the sale offering, please contact me at (575)202-3646, or by email at priest@nmsu.edu.
